

Innovation Districts

Overview

- **Am I eligible?**
- **How do I become an Innovation District?**
- **Who should be involved?**
- **What flexibilities are available?**
- **What's next?**

Am I eligible?

Am I eligible?

- Yes—if district academic accountability rating is met standard
- No—if final or preliminary rating is Improvement Required

How do I become an Innovation District?

How do I become an Innovation District?

- Process begins either with a board of trustees resolution or by signed petition from a majority of your district-level advisory committee
- Board conducts a public hearing to consider developing an innovation plan
- Within 30 days of public hearing Board must formally decided to pursue or decline the opportunity

We are moving forward!

- Board appoints an Innovation Plan committee to write a plan that:
 - provides for a comprehensive educational program for the district, which program **may** include:
 - (A) innovative curriculum, instructional methods, and provisions regarding community participation, campus governance, and parental involvement;
 - (B) modifications to the school day or year;
 - (C) provisions regarding the district budget and sustainable program funding;
 - (D) accountability and assessment measures that exceed the requirements of state and federal law; and
 - (E) any other innovations prescribed by the board of trustees; and
 - identifies requirements imposed by this code that inhibit the goals of the plan and from which the district should be exempted on adoption of the plan.

We have a plan...now what?

- Post on your district website for at least 30 days
- Board notifies the Commissioner of intent to adopt plan
- Your Chapter 11 district committee holds a public meeting to consider and approve the final version with a majority vote
- Board of Trustees adopted with two-thirds majority vote

But wait! There is one more thing...

Notify the Commissioner!!

What flexibilities are available?

Prohibited exemptions include (but not limited to):

- District Governance
- Curriculum
- State Assessment System
- State Accountability System
- School Finance
- Federal Requirement
- Other requirements in state law outside of the Education Code

• Allowable exemptions include (but not limited to):

- Educator Certification
- Teacher Contracts
- First and Last Day of School
- Length of School Day
- Class Size
- Certain Purchasing and Contract Requirements

What's next?

Things to consider...

- Do you need to update local policies to correspond with new exemptions?
- Articulate the problem your plan is addressing.
- Is there a program you are trying to implement?
- Is there a big area of need that can be addressed by this flexibility?
- Involve all of your stakeholders, including those who do not always agree with you.
