RE: Spanish offering for 8th Grade Students

8th Grade Parents and Guardians,

It was previously decided to begin offering Pre-Spanish in place of Spanish I for 8th grade students. After further review and consideration regarding offering Pre-Spanish versus Spanish I in the 8th grade, it has become evident that it would be a more advantageous opportunity for students to offer Spanish I as it would allow them to begin accumulating high school credit while in Junior High and would not pose a concern regarding High School GPA impact as the High School GPA calculations are done based on courses completed in grades 9-12. Feedback was received from campus administration, as well as, Spanish teachers and all were in favor of providing the opportunity. Teachers will evaluate and ensure that the required standards for Spanish I will be met in order for high school credit to be awarded after each semester provided all requirements are met by the student.

Thank you for all that you do,

Daniel Fuller
Superintendent
